

Our ref: GJH/SLD

17th March 2017

Dear Parent/Carer

We will be running a series of Easter revision classes for our Year 11 students over the Easter holidays. These sessions have in the past proved to be an excellent way for our students to undertake high quality revision with their teachers and achieve a positive impact on their final results in the summer. With the GCSE exams now just a matter of weeks away, we strongly encourage students to take advantage of this opportunity. A timetable of the revision programme has been distributed to students

We expect all students to have already begun the process of organising their revision. There are a number of other opportunities to continue with revision. Period 4 will continue to run every week until the exams. Saturday Study Club has been immensely popular this year and will also run through until the exams have finished. Students also have online access to the Maths APP and Science Tassomai. In addition to this there will be a range of revision materials, which will be provided by staff to help students with their revision at home.

Yours sincerely

Mrs L Lynch  
KS4 Progress Leader
